TRADITIONS AT THE GLEN RESORT AND CONFERENCE CENTER

RESORT & CONFERENCE CENTER

Our resort features an 18 hole championship golf course established in 1937. Masterfully designed by John Van Kleeck, it's set on rolling hills adjoining a wooded glen with magnificent views overlooking the Susquehanna River. Woodlined fairways and meticulously groomed greens grace this mature, classic style course. We are a favorite among local players, our loyal members and a destination for many visitors to the Greater Binghamton area.

Traditions golf course

In addition to the golf course, we offer a practice range and two putting greens. Warm up prior to your round, or invest some time in honing your skills.

Whether you are looking to join us for a quick weekend getaway or starting a new tradition with us as a member, our course has something to offer for all! While you are here, don't forget to schedule some time in our on site, state of the art, full service spa. The golfers massage is a perfect way to begin your round!

Enjoy the wide-open, wooded fairways that grace this mature course and the meticulously groomed putting greens. For a unique and challenging game surrounded by beautiful scenery in Johnson City, Vestal and Binghamton, NY, golf at Traditions Resort is for you!

Our course has a 4 Star Rating from *Golf Digest Magazine*. While the front nine is slightly longer than the back, the stretch of holes along The Glen are truly scenic gems. The seventh hole, a 571-yard Par 5 that drops steeply from tee to green, offers splendid views of the Susquehanna Valley. The wooded Glen comes into play on the Par 4, third hole and Par 3, sixth hole — both requiring accurate drives and approach shots — unless you plan on spending more time in the woods than anticipated.

RESORT & CONFERENCE CENTER

The glen is a 200+ acre, mature forest located in the Town of Union. For centuries people have enjoyed the Glen's majestic trees (some are the oldest in the region), cool waterfalls, colorful wildflowers, and abundant bird and animal life.

In the 1950s, the Glen was purchased and subsequently maintained by the IBM Corporation. Throughout the years the Glen was enjoyed by many IBM employees and guests. From a casual walk with the dog, a cross country run, or spending the day cross country skiing, visitors repeatedly fell in love with its natural beauty.

In 2006 the ownership of the property changed and the developer donated much of the property to the Fred L. Waterman Conservation Center. This area is now officially designated as an educational, public conservation area. While the property is owned and maintained by the conservation center, the hiking trails which run behind our resort, are easily accessible to our guests through a private access point. Each trail length varies; from 0.7 miles, to our longest trail which is 2.0 miles.

We invite you and your family to enjoy all of our trails whether it's for exercise or for an adventure. Come and enjoy the great outdoors of Upstate New York.

RESORT & CONFERENCE CENTER

The pro shop at Traditions at the Glen is well stocked with everything you need to take your game to the next level. Our friendly and knowledgeable staff can help you pick out the right equipment for yourself or as a gift for a friend. Forget to grab something for your round? Pick it up quickly and easily in our pro shop. We carry the best name brands in both equipment and apparel to help you look and play your best.

Traditions pro shop

Traditions at the Glen Resort and Conference Center offers a unique setting for your Greater Binghamton golf outing. We can host large corporate tournaments or smaller, more informal family get-togethers.

Our large tent, located right beside the pro shop is the perfect place to gather before and after the outing to talk about the game. Equipped with its own kitchen and restroom facilities, this large outdoor facility can accommodate up to 400 guests.

Our professional staff is available to help you plan every detail of your event. From a family reunion on our Johnson City golf course to an executive networking experience, we want you to feel confident that your event will be well-organized and enjoyable for all who attend. We are here to help with coordinating teams, scoring and any course contest you may have.

If you are looking for a tune up for your golf swing or would like to set up a series of lessons for increased improvement, our PGA Director of Golf is here to help. Discuss your goals, ask questions, and be on your way to improve your golf game, with having fun in the process.

Hole number one is a downhill Par 4. You do not need a driver on this hole. With O.B. right and fairway bunker left, the smart play is to keep it in the fairway.

With the pond added in 2012, your tee shot now becomes very important. Remember O.B. is on the left. If you're dry and in the fairway you can have a mid to short iron club in. Shots to the green have a tendency to run through.
