

Colorado Convention Center

Denver, CO USA

OVERVIEW

More than 100 professional meeting planners working together with architects to design every aspect of the building, the result was simple; a sensible, state-of-the-art facility with easy traffic flow and everything you need in a stunningly beautiful building in the heart of downtown Denver. A new 80,000 sq.ft. column free multipurpose room and outdoor rooftop terrace is currently under construction and will open in December 2023. The Colorado Convention Center is located within easy walking distance of nearly 10,000 hotel rooms, 300 restaurants, 9 theatres of the Denver Performing Arts Complex and a wide variety of shopping and retail outlets.
